Things to SERIOUSLY Think About...

- *Spring is the best time to work on weaknesses and develop your game. This Program brings the need for skill development and 5 v.5 confidence together in the same setting
- *The Spring Games gives each player Professional Coaching, Video Feedback, and a schedule that allows Players to be dedicated to their Junior high or school programs.
 - *Gauranteed Development with out the extra costs of travel that include Gas, food, and sometimes lodging.
- *Allows players an equal oppty to work on game confidence and game shooting. Oppty's to develop that would not happen in a setting where excessive play calling or star players are given the only Freedoms. Also, Coaching Bias gets in the way of pure development
